Early Decisions...

Early Decision

If accepted, you agree to attend this school

You must withdraw any other applications.

Since this option is binding, you need to be sure about your choice.

Be sure to discuss this option with your counselor if considering

Early Action

An early form of regular decision

You are not bound to attend if accepted

You can apply early action to more than one university.

You can accept an offer as soon as you receive it or wait to make your final selection in the spring.

Restrictive Early Action

You *are not* obligated to attend if accepted.

However, with this option, you may not apply to any other schools in the early rounds.

Several top schools offer this option like Georgetown, Harvard, Princeton, Stanford, Notre Dame, and Yale.

Let's talk about scattergrams

Some deadlines to be aware of

Due: Submit Counselor Letter of Rec Survey (Google Doc)

September 3: Reminder - Request two teacher letters of recommendation.

September 14/16: Turn in your College List and Application Agreement during Advisory

October 15: UCAS deadlines for medicine, dentistry, veterinary medicine science courses, Oxford and Cambridge

November 1: Early U.S. application deadlines

November 30: University of California application deadline

But what must you remember about deadlines?

Your university deadlines are your responsibility.

We recommend you submit your application 2 weeks before the university deadline, to ensure there's time if there are any issues and so all of your documents arrive prior to their deadline.

And please, please, please remember that during school breaks the counseling office is closed and responding to emails immediately is not guaranteed. Best practice is to submit everything the week before the break begins.

What's one question you have for the counselors?

We emailed all of you a one question survey that allowed you to anonymously post any questions or concerns you have about college application process. Let's talk about them now.

Now let's do
some work!
